A BILL

to be entitled

An Act to repeal Section 1 of Chapter 47, Acts Forty-first Legislature, First Called Session, (House Bill No. 25) relating to the transfer of territory by petition and by County Board of Trustees; and to amend Sections 1 and 2 of Chapter 140, House Bill 386, passed at the Regular Session of the Forty-second Legislature, page 235 of the General Laws of Texas, 1931, by requiring an election to be held for changing school districts withdrawing territory from one school district and adding it to another district, or adding to school districts, and the method of holding said elections, and requiring ratification by the Legislature of all school districts laid out and/or attempted to be established, combined, abolished or changed by the county board of trustees; repealing all laws in conflict herewith; and declaring an emergency.

Be it enacted by the Legislature of the State of Texas:

Section 1. That Section 1, Chapter 47, Acts of the Forty-first Legislature, First Called Session relative to detaching territories from one school district and attaching same to another be and the same is hereby in all respects repealed.

Sec. 2. That Section 1a of Chapter 140, House Bill 386, passed at the Regular Session of the Forty-second Legislature, page 235 of the General Laws of Texas, 1931, be,

and the same is hereby amended so as to make Section 1a of said Section 1 hereafter be designated as Section 2742-f and hereafter read as follows:

"Sec. 2742-f. The County Board of Trustees, when the educational needs of the county necessitate such action, may detach from any district, common or independent, or any such contiguous districts, whether created by General or Special Law, territory to be incorporated into a new common school or independent school district; provided that before the County Board may pass an order detaching the said territory and incorporating the said district, notice of such proposed action must be given in writing to the officers of the Board of Trustees of each district whose area would be affected by the said transfer of territory, and an opportunity to be heard on the proposed change be afforded the officers of such district; and provided further that no district shall be reduced below an area of nine (9) square miles, or any district created with an area of less than nine (9) square miles and sufficient taxable valuations to support an efficient school system. Any school district created under the provisions of this Act shall be governed by the General Laws relating to common and independent school districts as they now exist or may hereafter be enacted, and it shall be the duty of the County Board of Trustees, at the time the order for the establishment of the district is made, to appoint a Board of Trustees for the said common or independent school district, as the case may be, to serve until the next regular election of trustees as prescribed by the General Law, when a Board of Trustees shall be elected whose terms of office shall be in accordance with the provisions of the General Law governing common and independent school districts, respectively; and the said district, when so established, shall have the rights and privileges of an independent or common school district as prescribed by General Law.

"Any bonded indebtedness affected by the proposed transfer of territory and the establishment of a new district shall be adjusted by the County Board of Trustees as prescribed by the General Law; provided, how-

ever, that before any tax may be levied over the territory of the new district for the liquidation of its proportionate part of the outstanding bonded indebtedness of any district from which the territory of the new district is taken, the said new district shall vote to assume the said indebtedness and authorize the levy of the necessary tax.

"The petition shall give the metes and bounds of the proposed district and be signed by a majority of the qualified voters residing in each territory to be detached; provided that when the proposed new district will embrace territory lying in two or more counties, all orders affecting its establishment shall be concurred in by the County Board of Trustees of each County concerned, but the petition for the establishment of a County Line District as provided for herein shall be addressed to the County Board of Trustees of the county in which the principal school of the new district is to be located, and administrative jurisdiction of the said district shall be vested in the County Board of said county.

"And provided further that before any portion of any district has any part thereof detached an election shall be held at which the qualified tax paying voters of such district sought to be divided shall first vote by a majority vote to divide said district and shall define the part of said original district sought to be detached; and provided further that the district to which such territory is desired to be added shall have an election at which the qualified tax paying voters of such original district to which such territory is sought to be added shall vote by a majority vote to assume that proportionate part of the indebtedness of the district from which such territory is detached that the detached territory bears to the original district from which detached, and at said election only those qualified tax paying voters inside the territory of the new formed district shall vote.

"That each and all of said elections shall be held in accordance with the provisions of the General Law governing bonded tax elections in a common or independent school district as the case may be. And providing further that after the holding of said elections and before the

newly formed districts, or either shall be valid the Legislature shall pass a Bill ratifying and confirming the laying out and/or attempted establishment, combining, abolishing or changing of such school districts, and if the Legislature shall fail or refuse to pass such a bill then the districts shall remain as they originally existed."

Sec. 2. That Section 2 of Chapter 140, House Bill 386 passed at the Regular Session of the Forty-second Legislature, page 235 of the General Laws of Texas, 1931, be and the same is hereby amended so as to read hereafter as follows:

"All laws and parts of laws in conflict herewith are hereby expressly repealed."

Sec. 3. The fact that great uncertainty exists as to the legality of the indebtedness of school districts heretofore attempted to be established, combined, abolished or changed by the county board of trustees creates an emergency and an imperative public necessity that the Constitutional Rule requiring all bills to be read in each House on three several days be suspended and that this Act shall take effect from and after its passage, and it is so enacted.

GENERAL PROVISIONS

Sec. 3. The expenditure of the appropriations herein made shall be subject to the following provisions:

Annual Reports. (a) A report shall be made annually by the superintendent or head of each institution and filed with the State Comptroller, and a copy with the Board of Control before November the first after the close of each fiscal year, giving an itemized statement of all moneys expended and the particular appropriation or fund from which said money was expended, including an itemized statement of all purchases or outstanding contracts remaining unpaid at the close of the fiscal year; also a statement showing the full amount of money received from all sources, and any balances.

(b) The head of each institution or agency shall keep a record of the absences of the various employees, the reasons, therefor, whether from sickness, vacation or leave of absence and incorporate this information in the institution's regular annual report made to the Board of Control.

Printing and Stationery. All printing and stationery shall be purchased through the Board of Control and shall be confined to such articles and quantities as selected and contracted for by said Board, except certain printing provided by law to be done by several of the State institutions. No embossed or engraved printing and stationery shall be purchased.

Postage Stamps. None of the money appropriated herein for postage stamps shall be spent except on warrants or checks made payable to a United States Post Office and the warrant or check shall be endorsed by the Postmaster from whom the purchase is made.

Vacation Allowance. Vacation of not exceeding twelve working days may be allowed all of the twelve-month officers and employees provided for in this Act.

Fire-proof Buildings. All authorized new buildings costing more than Ten Thousand (\$10,000.00) Dollars shall be of fireproof construction except as otherwise provided.

Traveling Expenses. None of these appropriations may be used for traveling outside of the State of Texas without the advance written consent of the State Board of Control, except in adjoining States in returning escaped inmates to institutions. Otherwise, the State Comptroller shall apply the same rules to the approval and payment of traveling expenses of the eleemosynary institutions as he applies to such expenses of the State Departments.

Additional Employees' Compensation. When a necessity exists for additional help at any of the eleemosynary institutions the Board of Control shall first give to the superintendent its written approval and consent for such employment, and such help may be paid out of any local institutional receipts, including pay-patient funds, or out of support, maintenance, repair and improvement appropriations. When any additional employees, other than those for which specific salary appropriations have herein been made are employed, and are to be paid out of said non-salary appropriations or any other funds, such employees shall not be paid larger amounts than those provided in the specifically appropriated salaries for similar positions in such institution or agency, and in the event there are no similar positions within such institution then such additional employees shall not be paid larger amounts than those provided for similar positions in other State institutions, departments or agencies. In the event laborers, skilled laborers and mechanics cannot be obtained at the above mentioned salary scale, then the heads of such institutions may pay for temporary employment only not exceeding the prevailing wage scale paid in the localities where the temporary service is to be rendered. No additional employees may be hired without the written consent of the Board of Control.

Audits. None of the appropriations herein made shall be used for employing any firm, corporation or person, excepting persons regularly and continuously employed by the institutions or the State Board of Control, to audit said institutions and agencies; provided, however, that

if, in the judgment of the head or managing officers of any of said institutions or agencies, additional auditing is necessary and the State Auditor shall not have sufficient funds in his appropriation to make such audits, then the head or managing officers of any of said institutions or agencies may direct the State Comptroller to transfer in lump sum and add to the appropriation made for the State Auditor the amount necessary for the State Auditor to make such audits.

Alabama and Coushatti Indians. The expenditure of all money herein appropriated for the welfare of the Alabama and Coushatti Indians in Polk County, and all employees therefor, shall be under the supervision and appointment of the State Board of Control.

Perquisites of Employees. (a) When it is provided that the family of a superintendent, officer or employee of any of the said institutions, are permitted to live at said institution, and are to be furnished with board, fuel, lights, laundry, water, housing, or any of said items, the word "family" shall be construed to mean the immediate family of said superintendent, officer or employee, including himself, wife and legally dependent children; and when any officer or employee is to be furnished with provisions not to exceed some certain amount stated, it shall be the duty of the storekeeper-accountant to charge said officer or employee with each item of provisions as furnished him, showing the price thereof; said storekeeper shall not permit the amount authorized, to be exceeded, and shall make a monthly report of same to the Board of Control, and said Board of Control shall be charged with the duty of seeing that no account for such provisions exceeds the amount allowed therefor. The Board of Control may authorize one of the cooks provided in the Acts to be assigned to the Superintendent's quarters.

(b) Under direction of the Board of Control all employees may receive board, room and laundry, except when otherwise limited.

(c) In these appropriations the Legislature has provided a fairly uniform scale of salaries for similar services throughout the institutions without, however, differentiating in the amounts to the paid employees receiving, and those not receiving, room, board and laundry from the State; and to prevent inequalities in salaries to those employees not receiving any or all of such perquisites it is provided that the Superintendents, upon the written approval of the Board of Control may adjust such employee's salaries out of the respective support and maintenance appropriations by not exceeding Ten (\$10.00) Dollars per month each. More easily to adjust such items proper transfers from support and maintenance to salary appropriations may be made annually or more often.

Salaries and Other General Provisions. (a) All annual salaries shall be paid in twelve equal monthly installments except as otherwise herein provided.

(b) If any position for which a salary is herein fixed shall not be filled then such salary shall lapse into the State Treasury. No position with a fixed salary shall be supplemented or be paid more than such specific amount out of any other funds belonging to said institution or the State; provided, that this language shall not be construed to prevent promotion or the transfer of one employee from his or her position to another position which provides a different salary, but it is specifically made the duty of the Superintendent, to transfer employees to other positions when it is possible to secure more efficiency. No salary shall be paid to any person unless such person actually discharges assigned duties. Provided that one salary at the Galveston State Psychopathic Hospital and three salaries at the State Orphans Home may be supplemented in amounts approved in writing by the Board of Control out of Federal or State appropriations or allocations made through educational agencies.

(c) The amounts appropriated in this Act are intended to cover and shall cover the entire cost of the items, and shall not be supplemented ex-

cept as otherwise provided. It is especially provided hereby that all contracts and undertakings entered into, under and by virtue of the terms hereof, for specific improvements, enlargements, and repairs on buildings and grounds, and for the construction of new buildings and for furnishings and equipment of buildings, shall be made strictly within the limits and terms of the appropriations made for such purposes, and it shall be the duty of the Board of Control, in the consideration and adoption of plans, specifications and contracts therefor, not to exceed such appropriations, nor to incur any obligations in excess thereof. It is provided, however, that the Superintendents of said institutions, under the direction and upon the written approval of the State Board of Control, shall be authorized to make such changes and substitutions of any amounts appropriated for maintenance, miscellaneous items, general repairs, and improvements, excepting new buildings, as may be found necessary. Appropriations for buildings may include utility connections and equipment.

(d) Each of said institutions is hereby allowed from its support and maintenance or other appropriation a small revolving or petty cash expense fund not to exceed, at any one time, Two Thousand Dollars (\$2,000.00) at the larger institutions and not to exceed One Thousand Dollars (\$1,000.00) at the small institutions for the purpose of making emergency payments and purchasing perishable products, and the amount allowed each institution shall be certified by the Board of Control. Also each institution operating small stores, industrial or occupational departments, including the Dairy Products Plant at the Austin State Hospital, are hereby allowed revolving cash expense funds out of the respective institution's industrial or occupational deposits or receipts for the purpose of making emergency expenditures necessarily incurred in connection with the institution's industrial, occupational and other necessary activities, in amounts not to exceed Three Thousand Dollars (\$3,000.00) at the larger institutions except not exceeding Six Thousand Dollars (\$6,000.00) at the Austin State Hospital's Dairy Product Plant, and not to Exceed One Thousand Dollars (\$1,000.00) in the smaller institutions, the amount for such purposes to be certified by the Board of Control; provided, these limitations as to amount shall not be enforced when there is a deficit of more than One Million Dollars (\$1,000,000.00) in the general revenue fund.

Revolving Funds and Institutional Receipts. (a) No property belonging to any of the above institutions shall be sold or disposed of without the consent of the Board of Control; and all proceeds from the sale of any such property, from labor performed, from the sale of crops and pay-inmate receipts, shall become and are hereby appropriated as a maintenance or contingent fund to be expended under the direction and upon approval of the State Board of Control. The State Board of Control is hereby authorized to use out of the proceeds of said receipts and funds such amounts as they shall deem necessary for the support and maintenance of said institutions, including the purchase of equipment and materials for the entertainment, diversion, or therapeutic improvement of the patients and inmates; needed hospital or institutional furniture and equipment, supplies, materials, repairs, improvements, including small cottages, and contingencies; and a complete statement of all such transactions shall be made in the annual reports of said institutions. The industrial and small store receipts and funds of said institutions, including those of the Austin State Hospital Dairy Products Plant, are hereby appropriated for the support, maintenance and operation of said enterprises and such receipts and funds may also be used as an institutional contingent fund under the direction of the Board of Control. Any balances remaining to the credit of any of said institutional local funds at said institutions or in the State Treasury at the end of any fiscal year are hereby re-appropriated for the above-mentioned purposes for each year of the biennium.

(b) Upon the approval of the Board of Control, said institutions, may make just and properly due refunds of any advance payments made on

behalf of pay-inmates out of the pay-inmates receipts or funds; and the Board of Control is allowed, and there are hereby appropriated out of said funds not exceeding Five Hundred Dollars (\$500.00) per year for traveling expenses and such other amounts for the employment of additional help, not to exceed two employees, as shall be necessary, to be used by the Board of Control in connection with the collection of pay-inmate charges and institutional supervision, the amounts to be paid for such help not to exceed amounts paid for similar services. Refunds to patients for unused advance payments may also be made out of cash revolving funds, if directed by the Board of Control. There is also appropriated to the State Board of Control out of any institutional receipts or funds such amounts as may be necessary for traveling expenses and for salaries of a chief of the Division of Eleemosynary Institutions provided for in Article 690 of the Revised Civil Statutes of 1925, and other necessary help; provided the amounts paid for such services shall not exceed the remuneration fixed for similar services.

Employment of Aliens Prohibited. It is hereby provided that none of the moneys herein appropriated shall be paid for salaries or wages for a longer period than three months to any person who is not a citizen of the United States.

United States Aid. The Board of Control, within their discretion, may take advantage of any aid extended by the Federal Government for buildings, improvements and repairs at the eleemosynary institutions.

Section 4. If any section, sentence, clause, or part of this Act shall, for any reason, be held to be invalid, such decision shall not affect the remaining portions of this Act, and it is hereby declared to be the intention of the Legislature to have passed each sentence, section, clause, or part thereof irrespective of the fact that any other sentence, section, clause, or part thereof may be declared invalid.

Section 5. The fact that the above and foregoing is one of the regular appropriation bills to pay the salaries of employes, and to pay other expenses of maintaining and conducting certain eleemosynary institutions and other State agencies of the State for the two (2) fiscal years beginning September 1, 1935, and ending August 31, 1937, creates an emergency and an imperative public necessity, requiring the Constitutional Rule that Bills be read on three several days be suspended, and the same is hereby suspended, and this Act shall take effect and be in force from and after its passage, and it is so enacted.

A BILL

To Be Entitled

An Act making it unlawful for any person, firm, association or corporation to pack for sale, sell or offer for sale wheat flour or other cereal flour and corn meal, except such cereals sold as grits, only in standardized packages; providing for the size and net weight of said packages; providing for the net weight, name of manufacturer and the name of the place where milled to be printed on the outside of each package and making it unlawful for wheat flour, other cereal flour and corn meal to be packed for sale, offered for sale or sold within this State unless it shall be so labelled; providing for exceptions to this Act as direct sales from bulk stock to the consumer, direct sales to bakeries for use in such bakeries, as the exchange of flour or meal for wheat or corn, and such prepared products of wheat or corn selling in less than five (5) pound lots; providing for the violation of this Act to be a misdemeanor and fixing the penalty for such violation; providing for the repeal of all laws or parts of laws in conflict herewith, and declaring an emergency. Be it enacted by the Legislature of the State of Texas:

Section 1. That the standard measure of wheat flour and other cereal flour, except such cereals sold as grits, shall be packages containing net avoirdupois weights of three, six, twelve, twenty-four, forty-eight, ninety-eight, one hundred and forty, and one hundred and ninety-six pounds; that the standard measure of corn meal shall be packages containing net avoirdupois weights of one and one-half, two, five, ten, twenty, twenty-five, fifty, and one hundred pounds.

Sec. 2. That it shall be unlawful for any person, firm, association, or corporation to pack for sale, sell or offer for sale in the State of Texas any wheat flour, other cereal flour and corn meal except in packages (including barrels, sacks, bags, cartons and other containers) of the above standard net weights.

Sec. 3. That each package of

wheat flour, other cereal flour and corn meal shall have the net weight name of manufacturer (meaning the person, firm, association, or corporation which processes the wheat or other cereal into flour, or which processes the corn into meal) and the name of the place where milled printed or plainly marked on it in letters and figures clearly readable; and that it shall be unlawful for wheat flour, other cereal flour or corn meal, to be packed for sale, offered for sale or sold within the State of Texas unless it shall be so labelled.

Sec. 4. That the provisions of this Act shall not apply to the retailing of wheat flour, other cereal flour or corn meal direct to the consumer from bulk stock, nor to sales of flour to bakeries for use in such bakeries, nor to the exchange of flour or meal for wheat or corn by grist mills and other mills grinding for toll for producers; and that nothing herein contained shall be held to apply to any product such as prepared pancake flour, cake flour or other specialty packed and distributed in identified original package, the net contents of which are five (5) pounds or less.
